

**ADOPT A FOOD ALLERGY MANAGEMENT POLICY**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Board adopt a food allergy management policy.

**PURPOSE:** The purpose of this policy is to promote the prevention and management of life-threatening allergic reactions during school and related activities. This policy also establishes training requirements

for school personnel on how to identify signs of food allergic reaction and undertake emergency response measures.

**POLICY TEXT:**

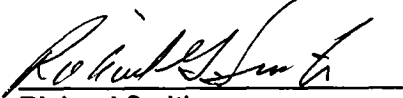

**I. SCOPE**

This policy covers all life threatening food allergies as well as life threatening allergies to insect venom/stings medications latex. For purposes of this policy, references to food allergies herein shall

other life threatening allergy fails or refuses to cooperate with the school for an evaluation or implementation of an appropriate 504 Plan or any documentation required to offer a 504 Plan, the school shall implement a simple Emergency Action Plan (EAP) stating to call 911 immediately upon recognition

C. School-Wide Exposure Prevention Measures: The multi-disciplinary team shall identify schools areas, events, programs, activities, student travel, art projects, parties and holiday celebrations, student ~~reward, hidden food ingredients, substitute teacher situations, etc. where there is a high or higher risk of~~
